How this list works

75 named outreach targets — 25 media, 25 institutional, 25 corporate. Each row has a suggested template from the **MBA Rock Jess Sell-In Email Kit** (4 templates per audience). The companion xlsx adds a **Status** column so you can track sent / replied / booked / pass.

Priority key

1	Pursue this week. High-fit, high-influence, or fast-cycle reply.
2	Pursue this month. Strong fit, longer lead, or harder gatekeeper.
3	Opportunistic / wildcard. Worth a try; not a focus.

Cadence Jess should aim for

Week 1–2: 10 sends/day across mixed priorities. Bias toward priority-1 in the morning, priority-2/3 in the afternoon.

Week 3+: Follow up on no-replies once (M3 / I4 / C4). Then move on — no second bumps.
